Dedication:

This year's show is dedicated to a grand lady whose time came too soon. She loved her family, the children she taught and the arts. To Ruth Zwelling, a woman who touched our lives and whose memory will live on in our hearts. Go Bucks!

Director's Note:

This year we're in search of the Ideal Christmas and while we know it's a fool's errand, we delight in the folly. What ever your ideal Christmas turns out to be, we hope it's filled with love, hope and compassion. Maybe, just maybe, one of those inexplicable magic Christmas moments will fill your heart with the desire to keep the holiday spirit alive each and every day of the year.

Happy Holidays,
Richard Tolliver
